# FIGHTING HUNGER & FEEDING HOPE

## We need your Help!

### Donate Funds

Financial contributions allow the food bank to better respond to those in need. For children who are powerless to provide for themselves, for hard-working moms and dads trying to provide for their family, and for seniors on fixed incomes, being able to access support from food banks make those difficult times a little easier.

The Food Bank is a community powered organization. With no government support we rely on individual, corporate and foundation support to help feed people in need, educate the public about hunger issues and address the root causes of hunger. RFB is a community powered organization.

Every single ingredient we provide our clients was sourced through the contributions of community members.

From the can to the truckload – we move food to people where they need it – when they need it

Your support is critical in our fight to end hunger. For every \$1 you donate you help us secure 3 meals for our neighbors.

There are a number of ways you can help.
